

Child Name – Teaching Art by J. Boyd Gray

What child doesn't want to see their name in art? Each letter of your child's name is phonetically illustrated! Artist J. Boyd Gray illustrates each letter of your child's name by an image that begins with that letter.

Give the art as a gift to a child learning to write their name or as a personal gift for new parents who will use it to decorate the child's room. Personalized Name Art makes a great gift for any occasion including a new baby, grandchild, baby shower or adoption. Teachers can also use them to decorate their classrooms or give as student gifts.

The "Teaching Art" is printed on 8 1/2" x 11" linen (24#) paper. This size will allow the art to be trimmed to fit a variety of frame sizes. The actual size of the printed area will depend on the number of letters in the name. For example, longer names will have smaller letters.

The NEW "Alphabet Art" is printed on 8 1/2" x 11" and can be framed in a document frame or trimmed to 8" x 10" and framed in a standard photo frame.

Mat and Frame NOT included.

**** Free Shipping ****
